#### 4 Thieves Vinegar

The usual story declares that a group of thieves during a European plague outbreak were robbing the dead or the sick. When they were caught, they offered to exchange their secret recipe, which had allowed them to commit the robberies without catching the disease, in exchange for leniency. Another version says that the thieves had already been caught before the outbreak and their sentence had been to bury dead plague victims; to survive this punishment, they created the vinegar.

#### 4 Thieves: Red Wine Vinegar base then add:

Garlic clove (1/3 or 1/2 is OK as well)

Choose 3 of the following: Lavender, Wormwood, Rosemary, Sage, Mint, Cinnamon, Clove, Nutmeg, Camphor, Cayenne, Wormwood, Black Pepper

#### Chinese Wash: Castile Soap base, then add:

3 unused broom straws

Choose from the following: Lemongrass oil or herb, 3-5 Frankincense tears, Epsom salts, VanVan oil.

#### Holy Water

Catch rain water in a copper receptacle, add silver and palo santo and allow to cure. Strain.

### Sprays

Sprays have a vodka base. Rubbing alcohol can be used, but it is very difficult to overcome the isopropyl smell. Use the cheapest vodka you can find. The quality is not of concern in this process. We use mother bottles for sprays just as we do for oils.

Use enough oils to overcome any alcohol smell but be sure not to use too much oil or the product will be sticky and will stain fabric.

Be sure to strain the product so that no plant or resin matter goes into the spray bottle or it will clog the sprayer.
